TOPEKA NURSERIES

GROWERS OF

GENERAL NURSERY STOCK

TOPEKA,  KANSAS

★ JAN 30 1936

U. S. Department of Agriculture

December 1, 1935

Dear Sirs:

Our Apple and Pear Seedlings are dug and we shall begin shipping in the next few days. We offer, subject to change without notice as follows:

Apple Seedlings:	Per 100	Per 1000
No. 1, 3½/16-in. and ALL UP Straight Roots.....	\$1.50	\$11.00
No. 2, 2½/16-in. to 3½/16-in. Straight Roots.....	1.00	8.00
(The above are the most popular grades for piece root grafting. They will cut about three grafts. Many firms use some of each grade to match cions.)		
No. 1, Special Short Roots 3½/16-in. and ALL UP.....	\$1.00	\$8.00
(This grade is ideal for whole root collar grafts, or for budders.)		
No. 3, Budders, About 2/16-in. (too small to graft).....	\$0.70	\$4.00
No. 4, Budders, Under 2/16-in., light liners.....	.50	3.00
(Many have good success budding the liners the first year, others carry them over a year. At these prices you can afford to carry them over for budding in 1937. It's a good insurance against high prices next year. Seed is scarce. A large seed importer writes "Crops of Apple and Pear seed in Europe practically total failure. Let us know minimum you must have.")		
No. 1, 3½/16-in. and ALL UP Branched Roots.....	\$1.60	\$14.00
No. 2, 2½/16-in. to 3½/16-in. Branched Roots.....	1.20	10.00
(These grades where parties require strictly well branched roots.)		

Pear Seedlings: (Japan and Bartlett)	Per 100	Per 1000
No. 1, 3/16 and ALL UP Straight Roots.....	\$1.50	\$12.00
No. 2, 2/16-in. to 3/16-in. Straight Roots.....	1.20	8.00
No. 3, About 2/16-in. Budders.....	1.00	6.00
No. 4, Under 2/16-in. Budders.....	.75	5.00
No. 5, Small liners.....	.50	4.00

For cash with order, we box free, and allow 5% discount.

In ordering seedlings, keep in mind that—

1st. Our seedlings were sprayed each week during the growing season and are free from all insects and plant diseases.

2nd. Our grades are quoted 1/16-in. stronger than usual, also in our first grades you get the "up"—no 1/4-in. taken out.

3rd. The disastrous zero weather the last of October did not reach Kansas and our seedlings are uninjured. The cambium on both Apple and Pear is bright and clear.

Yours truly,

L. R. Taylor & Sons.

P.S. Shall be pleased to quote Apple and Pear Grafts on request.
